THE CITY SOLICITOR,
The Auditor and the Finance
Committee Are Now
Selected

To Thresh Out the South
Side Fire Protection
Problem.

The city council held a short session last evening with all members present except Chairman Newson in whose stead Dr. Bowser officiated with the gavel.

Minutes of last session were read and approved.

The sidewalk committee recommended that proposed sidewalks on east Grand avenue be constructed in accordance with the present lines of the street. The report was adopted.

The engineer recommended a grade to be established on north Pierce street, from the first alley north of Wayne street to the south line of the Pennsylvania railroad company's right of way. The grade was adopted as recommended.

Report of the board of public safety, finance committee and board of public service, relative to the necessity of additional apparatus for the protection of the south side from fire was read, discussed and referred to the city auditor, finance committee and city solicitor. Additional information on this subject will be found in the south side correspondence of today.

Ordinance to grade Linden street was passed.

Ordinance to accept deed for a lot needed for the opening of Union street to Vine street was accepted. The board of public service has purchased the lot and building formerly occupied by the sucker rod factory for this purpose, paying the sum of two thousand dollars for the property. The city now owns the building and will offer it for sale.

A CHARMING BRIDE

Claimed by Charles Durnbaugh in Rochester,
New York.

ST. ANDREW'S CHURCH

The Scene of the Happy Nuptial Event Which Surprises Friends.

A message received in this city this morning, from Rochester, New York, announces the marriage of Mr. Charles Durnbaugh, of this city, and Miss Mary Beach, of Rochester.

Mr. Durnbaugh left this city, for Rochester, over a week ago and before departing intimated to only one or two friends that he intended to return with a charming bride. Consequently this announcement of his wedding will be a surprise to his legion of friends in the city. The marriage ceremony occurred in St. Andrew's church in Rochester.

Mr. Durnbaugh is the youngest son of the late H. A. Durnbaugh, of south Main street, and is employed as a machinist in the shops of the Lake Erie and Western company. He is an excellent young man and has many friends who will be glad to extend congratulations and express the best wishes they entertain. His bride is a very estimable young lady whom the happy groom's friends will be pleased to welcome to Lima.

Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure bronchitis and is Grinn, at H. F. Vorkamp's drug store, price 50c and \$1; guaranteed. Trial bottle free.

A happy thought, Mrs. Austin's Pun-ny for breakfast. Ready in a jiffy. 22-61

In order to prove to you that Dr. A. W. Chase's Ointment is a certain and absolute cure for any form of itching, bleeding, or protruding piles, the manufacturer guarantees a cure. You can use it and if not cured get your money back. Mr. Cooper Walton, laborer, Michigan City, Ind., says: "I work hard and lift a great deal. The strain brought on an attack of piles. They itched and they protruded and bled. Nothing helped them until I used Dr. A. W. Chase's Ointment. That cured them." See a box at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N.Y.

It is over

The reign of bossism looks doomed

All mail is now being regularly de-
livered from the postoffice.

Really, we got to trading Doan
Robb off too late to defeat him

We have had the bosses panic
stricken even if we don't win

The thing to do now is to reform
the rules under which foot ball is
played.

Should victory perch on the other
fellow's banner, we will congratulate
him but not the taxpayers

Tait is a great man—a man of in-
fluence, so Cox will say when the re-
turns are all in tonight

There is only hope expressed by re-
publicans of electing one man in the
county, and that will prove a disap-
pointment

A charming feature of the great
campaign has been the deep interest
the good women of Ohio have taken
in it.

Today will decide whether or not
Albert Gale owns the city and coun-
ty. If in his favor even George Quail
will have to take his coat and travel
to California.

Whether the democratic board of
public service is elected or not the
reduction in salary for that office
and of which they approved, will be
effective on the board elected today.

Major Robb signed the ordinance
reducing his salary five hundred dol-
lars a year, and thereby decreased his
revenue for the next two years one
thousand dollars for there is no doubt
about his election

The Times Democrat invites you
all, republicans and democrats alike
to come tonight and get the Associ-
ated Press returns of the election, direct
from the wire, and thrown on canvas
by stereopticon

Complete returns from the county
and city will be bulletined as fast as
the precincts are counted out

ROGER'S CASE
BEFORE COURT.

Washington D. C., Nov. 7.—The
case of Mrs. Mary M. Rogers of Ben-
nington Vermont under sentence of
death on the charge of murdering her
husband, was today argued in the
supreme court of the United States.
Attorneys T. L. Kafford and F. M.
Butler, appealing for Mrs. Rogers, and
Attorney General Pitts for the state.
Mrs. Rogers' execution is set for De-
cember 3. This date was fixed by the
governor of Vermont who has granted
further release in the case if the
attorneys of the case succeed on this
fact as one of the grounds upon which
they ask a writ of habeas corpus deny-
ing that the count can fix the date of
execution. They also contended that
the fact that the hearing in the case
by the state supreme court was not
held in Bennington county was pre-
judicial to Mrs. Rogers rights and con-
trary to law.

HUSBAND DISAPPEARS

And Efforts to Locate Wm.
Belsor Have So Far
Been Unavailing.

Early Saturday morning, Mrs. Bel-
sor wife of Wm. Belsor died at her
home on north Main street, in Del-
phos of convulsions. As the Herald
some time Saturday Mr. Belsor sud-
denly disappeared and up to this
time his whereabouts is unknown.
The remains of the deceased wife
were taken to Osgood yesterday af-
ternoon for burial and the several
children and relatives are puzzled at
the actions of the husband. He has
been employed as a brakeman on the
Clover Leaf railroad and it is known
that within the last few days that he
came in possession of the money he
had coming from the company but
just why he should desert his grief
stricken children at this trying hour
is a mystery.

Efforts to locate the missing man
have failed.

of checkers with his wife, Mr. T. W.
Stevenson of 912 north Broadway,
was taken into camp by a party of
his neighbors and friends and remind-
ed that it was his forty-third birth-
day. The evening was passed with cards
and other games till midnight, when
all sat down to a bountiful repast pre-
pared for the occasion after which all
departed for their homes wishing Mr.
Stevenson many more happy birth-
days. Those present were Mrs.
Mary Stevenson, Mr. and Mrs. Gar-
ret Jordan, Mr. and Mrs. Fred Clark,
Mr. and Mrs. Chas. Wetherall and
family, Mr. and Mrs. H. S. Reeve,
Mr. and Mrs. Geo. Brown and Mrs.

Mr. Thomas George, a merchant at
Mt. Elgin, Ontario, says: "I have had
the local agency for Chamberlain's
Cough Remedy ever since it was in-
troduced into Canada and I sell as
much of it as I do of all other lines. I
have on my shelves put together. Of
the many dozens sold under guaran-
tee I have not had one bottle returned.
I can personally recommend this medi-
cine as I have used it myself and
given it to my children, and always
with the best results. For sale by

REVERSED DECISION

Washington D. C., Nov. 7.—In an
opinion by Justice Peckham the su-
preme court of the United States re-
versed the decision of the circuit
court of appeals of the seventh cir-
cuit in the case of the Nederland Life
Insurance Co. of Holland vs. Mary
Mennel. The case involved a claim for
\$5,000 on a policy held by the late
Wm. Mennel of Evansville Ind. on
which the premiums had not been paid
for several years. The company's of-
fice in this country is in New York.

Editor John J. Sullivan on the St.
Marys Leader. With the aid of Mr.
Morris as a news sleuth, Mr. Sullivan
will be enabled to give his readers
even a more metropolitan paper than
before, and he has since its establish-
ment made the Leader one of the
brightest of our exchanges.

Sundry evening the power for the
late cars on the traction line was off,
delaying the cars several hours. The
car due here at 10:45 o'clock, most
bound, left Lima on time, but was tied
up in Delphos, and could not leave
here until 3 o'clock in the morning.
The power not coming on until that
hour. A crowd of about twenty-five
Van Wert boys and half that many
Lima people who had been here to
spend Sunday, were compelled to wait
at the station until 3 a. m. to go to
their homes.—Delphos Herald.

George W. Hull was in the city
a few hours today and in conversa-
tion with the Times Democrat pre-
dicted that the landslide would unques-
tionably elect Patterson. Mr. Hull's
judgment on political result is as
good as that of any man in Ohio.

A NUMEROUS PEST.

Washington D. C., Nov. 7.—The de-
partment of agriculture in a report
just issued says the red spider or rust
mite has been quite prevalent in
some section of the cotton growing
ticks the whole of the plant. The pest
two years. The spider is a small
yellowish mite which feeds on the cot-
ton plants principally on the under-
side of the leaves, but at times at-
tacks the whole of the plant. The pest
is largely distributed throughout the
cotton regions. It was first reported
in the summer of 1903 in South Caro-
lina and Georgia.

HEAVY BATTLE
OF BALLOTS ON.

(Continued from page 1)
In Hamilton County.
Cincinnati, O., Nov. 7.—All reports
from every part of the state show
unusual interest in the election. The
weather is generally threatening but
not rainy, and a fair vote is almost
certain. From all the cities and large
towns much scratch work is reported,
adding to the uncertainty of the re-
sult.

Heavy in Brantown.
Boston, Mass., Nov. 7.—The
voting in Boston started heavily
and from the various wards reports
were received during the early hours
that a large poll was in progress.
Democratic strength came out par-
ticularly in the northern districts and
Charlestown.

Conspiracy Is Charged.
Philadelphia, Pa., Nov. 7.—Samuel
G. Malony, harbor master and or-
ganization leader of the Fifth ward
was arrested today in his club on a
warrant charged of conspiracy to
conduct illegal election. The war-
rant was made out in the name of
John Doe. Malony has been a
storm center since the campaign.
The city party charging him with
various frauds. He was released on
\$600 bail.

Wonder If He Scratched.
Columbus, Ohio, Nov. 7.—Chairman
Dick went home to vote but will re-
turn from Akron this evening in time
to receive the returns of the election
in this city, the republican commit-
tees having secured the city hall for that
purpose. The democrats however,
will receive the returns at their head-
quarters and Chairman Garber will
be there all evening. Reports thus
far received from the state indicate
better weather than the weather
bureau prophesied for and generally,
a heavy, early vote.

Wish Lima Had Them.
San Francisco, Nov. 7.—Unusual
interest is being taken in the munici-
pal election here today. The
weather is perfect and the registra-
tion is the heaviest on record, a
heavy vote doubtless will be cast.
The polls will close at 5 o'clock p. m.,
and as voting machines are being
used the result will be known early
in the evening.

Democratic Gains Reported.
Boston, Mass., Nov. 7.—The first
town reporting results of the elec-
tion was Norwell. The vote for
governor—Barlett, (D) 54, Guild
(R) 57.

For governor—Draper (R) 83,
Whitney (D) 58. These figures in-
dicate a falling off of about 20 per
cent in the republican vote, and about
25 per cent in the democratic vote
from last year.

The second Massachusetts town to
be heard from was Avon where the
democratic plurality of 124 of last
year is changed to a democratic plu-
rality of 1, a republican gain of 120
votes, in the vote for governor
Whitney (D) for lieutenant gover-
nor, however, carried the town by
one vote.

SITUATION REVIEWED

Showing That Both Sides
Are Amenable to Ar-
bitration

General Railway News, a
New Face to Be
Seen Here.

Lima is vitaly interested in a settlement of the present difficulties between the boiler-makers at the C. H. & D. shops and the management of that great system.

The Times-Democrat has endeavored during the trouble which started just one week ago today, to present each side of the case fairly and squarely. This paper has had every courtesy extended to its representative both at the general offices of Master Mechanic Hineckley, where that gentleman has been both cordial and explicit, as has his chief clerk Mr. Miles. At the headquarters of the Boiler-makers Union, we have also been accorded treatment most pleasing, both from the officials of the union, and a large number of the boiler-makers personally. The strike is a serious blow to both the road, the men and the city of Lima, and the boiler-makers realize this and have shown their good sound business judgment and executive acumen by granting five days to the Business Men's Association in an endeavor to seek an adjustment. These adjustments always require concessions from both sides, as do all differences, none more illustrative than the world's greatest, recent rupture, the Russo-Japanese war. The days proved themselves magnanimous and we believe both the management of the great C. H. & D. system, and the wise men of the boiler-makers union are equally as magnanimous and far-seeing as the yellow men of the Far East.

The committee from the business men, headed by Mayor Robb, called on Master Mechanic Hineckley yesterday. They had previously waited upon the union, and in both calls they were courteously received. Mr. Hineckley was as frank with the business men as he has been with the press, and assured the gentlemen that their requests for arbitration would be given proper consideration.

The statement that the business men have failed to settle the strike, as written in a communicated article and published this morning, gives an unjust view of present conditions. We are informed the business men have been given five days for their work, and Rome was not built in a day. They have held but a single conference, in which they were well received and which conference was most pleasing. Mr. Hineckley is not the type of gentleman to take seriously the small anger always so prevalent when individuals or big interests disagree, and it is not to be expected that he will take seriously passion-written lines, penned when the entire two-sided question has not been reviewed.

There are great prospects for the city of Lima in the new Erie manipulation of the old Great Central. We are a junction point here, and we possess at the present time the best equipped shops in this section. There is work here at good wages for a large number of skilled mechanics, and among these there is work for a goodly number of skilled boiler-makers. The long terms of service of the men now on strike is sufficient commendation of their ability and skill, and we want these representative citizens to be employed here in their

home city, where skilled mechanics have the advantage of many years' experience about them, where they have friends and where their families have been born and nurtured. We don't want to lose these mechanics and we don't want the C. H. & D. to lose their skilled services.

There is a chance now of adjustment, and Mr. Hineckley and the boiler-makers are working along the proper lines to perfect an adjustment. The boiler-maker department of a railway shop is a decidedly vital department, and if Lima can't have a boilerworks department, she will probably not have a machinists department, or any other department of the broad-gauge standard of the past. The boiler-makers are willing to rest their cause for a few days, hence or to prevent the operations of train service in any manner. Now let the situation be in the hands of those who can handle it, and we believe it can be handled.

FLEMMING COMES TO LIMA.

Announcement of the Changes Under Mr. Gordon.

J. A. Gordon, general superintendent of the C. H. & D. and the C. & C. and L. district of the Erie, will move his offices today from the C. H. & D. depot to the Carey building. Mr. Gordon's private office will be in the room recently occupied by Russell Harding. There will be four rooms occupied by the general superintendent and his staff.

Earl B. Russell, who for a long time was Mr. Gordon's chief clerk, and acted in that capacity for R. H. Bowron, will be chief clerk to the general superintendent; J. B. Child, who has been chief clerk for some time past to Mr. Gordon, will be assistant to Mr. Russell; J. E. Fairhead, secretary to Mr. Bowron, will later on go to New York; E. L. Flemming will go to Lima in the master mechanic's office; J. C. Rice and H. W. McGinnis, who were in the general manager's office, will continue service in the general superintendent's office.

OUT AT CINCINNATI.

Fifteen Boiler-makers Quit in Sympathy With Lima Men.

Regarding the exclusive announcement in this paper concerning the situation in Cincinnati, the Enquirer this morning says:

"About 15 boiler-makers employed on repair work by the Great Central railway, went out on a strike yesterday morning. There is a conflict on between the National Union of Boiler-makers and the Great Central boiler shops at Lima, Ohio, where the men have been on a strike for several days. The Cincinnati men were ordered out yesterday in support of the strike at Lima."

MANY CHANGES

Will Result in the Freight and Passenger Department.

The topic in railroad circles continues to be on the probable changes in the freight and passenger department of the C. H. & D. It was reported yesterday that there would be new heads, both for the freight and passenger. The report has it that H. E. Huntington, general agent of the passenger department of the Erie would succeed B. G. Edwards, and that C. P. Morse, general agent of the freight department of the Erie, would succeed A. H. McLeod. D. G. Edwards now has the title of Passenger Traffic Manager, and A. H. McLeod, Foreign Traffic Manager. These titles will be abolished. Just what title will be given the heads of these departments here has not yet been determined upon. The ones most favored are General Freight Agent and Assistant General Passenger Agent. Thus far the traffic officials of the Erie refuse to commit themselves on

the subject. The Underwood party was in the Springfield division of the C. H. & D. today, and was expected in Cincinnati this evening.

WAS TOO YOUNG.

President Underwood Refused Job on Road He Is Now President of.

The election of F. D. Underwood, president of the Erie, as president of the Pere Marquette, which is not part of the Erie system, served to illustrate how little things sometimes change a person's entire career.

When a young man Underwood was a bricklayer in Michigan. He was ambitious, and had his eyes open for a better position. Somebody told him that there was a job open as conductor of the Pere Marquette. Underwood got a prominent business man to endorse him for the position. The Pere Marquette sent a note to young Underwood stating that his application had been received, but that on account of his (Underwood's) youth and inexperience the superintendent could not give him the position. Underwood gave the note to an older railroad hand, who got the job and died gray in the service without receiving any promotion. Now Underwood becomes president of the road on which he was refused the position of a conductor.

PENNA. ACCIDENTS.

Conductor Fatally Injured and a Young Man Killed.

W. L. Peterson, of Ft. Wayne, conductor on the Penna. switch local, was perhaps fatally injured at Washington, a small station east of Ada. He was caught between two cars and badly squeezed and one foot was injured. Peterson was taken to a hospital at Ft. Wayne and at last reports he was in a critical condition.

A young man by the name of Oglesbee, living in the country, between Middle Point and Van Wert, was injured by a Penna. train at Upper Sandusky, Sunday morning at eleven o'clock, and died at 3:10 in the afternoon.

W. A. Heron, of Flach, Ark., says, "I wish to report that Foley's Kidney Cure has cured a terrible case of kidney and bladder trouble that two doctors had given up." Sold by H. F. Vorkamp and Wm. Melville.

I will not be responsible for any debts contracted by my wife. H. B. SMITH.

Foley's Honey and Tar for coughs and colds; reliable, tried and tested, safe and sure. A general household favorite wherever used. Sold by H. F. Vorkamp and Wm. Melville.

A Hot One.

Miss Chance—She has a fine set of teeth.

Miss Caustique—In her comb?

Pinelove acts like a poutice. Best thing in the world for boils, burns, cracked hands, tetter, etc. Sold by H. F. Vorkamp.

An Apt Scholar.

Mrs. Beacon Street—I'm glad your uncle left you some money, but please, Nora, don't call it a legacy. Say 'limbacy.' It is very improper to say 'leg' always say 'limb'!

Nora—Yes, ma'am, and shall I wear an oop that 'limb' of 'unton for dinner, or will you have it round?

Physicians Prescribe It.

Many broad minded physicians prescribe Foley's Honey and Tar as the best remedy for throat and lung troubles, as this great medicine. There is no other cough medicine so popular. It contains no opiates or poisons and never fails to cure coughs and colds, throat, substantiated. Sold by H. F. Vorkamp and Wm. Melville.

A Poor Man to Do It.

Hewitt—Gruet believes that he could settle a good many of these strikes.

Jewett—I don't believe he could; he struck me for \$100 a long time ago, and has never settled.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, of Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at H. F. Vorkamp's drug store.

A Remedy.

Howell—My knees are very weak.

Powell—Get a lighter girl.

A COLORADO CRACK SHOT.

(Denver Times.)

While Deputy Sheriff William Ronaldson was in the once "bad" town of Coffeyville, Kan., he got some of the Dalton spirit in his veins and listened to the stories of how four of the Daltons met death at the hands of one man stationed in a shed and shooting through a knothole. They told Mr. Ronaldson stories of what crack marksmen the Daltons were and how they picked off every man that appeared on the streets with a gun.

When the Denver Deputy was on the train some stranger entered into a conversation about what crack shooters there were in Kansas about the time the Daltons blew into Coffeyville and secured several thousand dollars from a bank.

Ronaldson said: "Yes, there were some good marksmen there, but it is easy to hit a man with a Winchester. In Colorado we use a Colt almost exclusively. Of course, we have no crack marksmen, but I believe I might pick off a prairie dog there while the train is moving."

The stranger flashed a five-spot in Deputy Ronaldson's face and it was covered. Ronaldson snapped on his 35-caliber Colts and without much deliberation and while the train was in rapid motion sent one Kansas prairie dog to the eternal sleep.

Deputy Sheriff William Ronaldson, of Denver, is now \$5 to the good and friends on the Sheriff's force say they would take a hundred similar bets that Ronaldson could do the same thing times out of ten.

ABOUT PEOPLE.

Australia has a "state journalist." A Sydney newspaper man, John Plummer, has been engaged at a salary of \$2000 a year to write articles in the British, American and continental papers in defense of the Commonwealth, its legislation and its administration. An Englishman, Sir J. G. T. Sinclair, is so enthusiastic an admirer of Byron that he has built in London—in Fleet street—a Byron house in the poet's honor. There is a meditation of Byron over the door, surrounded by a wreath of laurels in gaudy marble, and another inside, while several hundreds of lines of his poetry are engraved on marble tablets on the walls of the entrance lobby and staircase.

Lord Roberts doesn't smoke, touches wine but seldom and rises at 5:30 every morning, summer and winter no matter how late he may have retired. Governor Miguel A. Otero, of New Mexico, is one of the most extensive sheep herders in the southwest. He has 65,000 head in Guadalupe county alone. He is a native of the territory, a son of one of its oldest families and speaks Spanish and English with equal fluency. The governor is now nearing the end of his second term.

Emperor William a short time ago received an unusual present—a pair of scissors, but so exquisitely made as to be valued at nearly \$500. A steel merchant was the giver. He had the emperor's portrait and some celebrated historical buildings engraved on the scissors. The engraver is said to have worked five years at his task.

PURE BLOOD INSURES A CLEAR SKIN

When Pimples, Acne, Tetters, Pimples or other skin diseases make their appearance it is a sure sign that the blood is impure with humors and burning acids. These being forced through the pores and glands burst and blister the skin, producing the eruptions which are usually accompanied with intense itching, and are disgusting and humiliating.

Years ago my blood was bad, as evidenced by skin eruptions on different parts of the body, and other symptoms, so I concluded to try S. S. S., knowing it to be highly spoken of. After using a number of bottles—do not remember now just how many—my blood was thoroughly purified and enriched and I was relieved of all eruptions and manifestations of impure blood. I believe S. S. S. to be an excellent blood medicine, and any one in need of such a medicine would do well to use it. They will find it a perfect cure as I proved to be in my case. C. E. SHOEMAKER, Alliance, O., 510 E. Patterson St.

While external treatment relieves temporarily it does not reach the real cause of the disease, because it does not go into the blood. S. S. S., a perfect blood purifier, neutralizes these acids and humors, and by strengthening and toning up the Liver, Kidneys and Bowels, the natural channels of bodily waste, disposes of them instead of allowing them to be forced to the surface through the skin. S. S. S. is the greatest of all tonics for building up the entire system, increasing the appetite and helping the digestion. S. S. S. cures all skin diseases promptly and permanently, leaving the skin soft and smooth. Only by keeping the blood pure can we hope to have a clear skin. He Could Hardly Get Up.

"This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine," writes P. H. Buff, of Ashley, Ill. "I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and I have cured me. Before commencing it I was in such a shape that I could hardly get up when once down." Sold by H. F. Vorkamp and Wm. Melville.

TWO SENSATIONAL ARRESTS ARE MADE

James E. Wickham and S. G. Roloson, Both Well-Known Citizens, Are Charged With Making and Passing Counterfeit Coin.

SOME DAMAGING EVIDENCE IS FOUND

Neither of the Men Have Yet Been Able to Furnish Bond and Will Probably be Taken to Toledo For Arraignment Before a United States Commissioner

A sensation was sprung in this city this morning between nine and ten o'clock when S. G. Roloson, head of the Roloson Manufacturing Co., with offices in the Collins block, and residing on west High street, together with James E. Wickham, head of the Union Agency, with offices in the Holmes block, and residing at 990 west North street, were placed under arrest by special Secret Service Detective Dick, of Cleveland, and Sheriff Barr. Both men are now in the custody of the sheriff in the county jail and are held on the charge of making and passing counterfeit coin.

The arrests have followed a careful investigation made in Delphos, Van Wert, St. Marys and Colina, where a goodly amount of it has been gathered up as evidence.

Both Mr. Roloson and Mr. Wickham were found in their respective offices and were arrested not ten minutes apart, Roloson being the first to fall into the clutches of the law.

In his place were also found acids and furnishings, together with other materials, but it is stated the alleged "plant" was not uncovered. On

the person of Mr. Wickham was found one spurious coin in the denomination of \$5 and a very clever counterfeit, scarcely possible to detect. All the money which has been circulated, it is said, is in the nature of gold coins in the denomination of \$5 and \$10.

Special Officer Dick came here from Cleveland last night about 11 o'clock, and held a consultation with local officials. Inquiry into the case showed Mr. Dick to have some very damaging evidence, and sufficient, it was believed to warrant the arrest, but owing to the standing of the two men commercially, further investigation was made, and the arrests were kept a secret until late this afternoon, the men being first detained. No local officers could be found who could confirm the arrests, so secretive were they made, but an examination of the jail records today shows both men registered as prisoners with the above charge placed against them.

Sheriff Barr could not be located and time was not allowed to search for Mr. Dick whom it is stated, is still in the city and will take the men to Toledo on an early train, neither as yet being able to give bond.

A SPLENDID TRIBUTE

Paid Retiring Cashier By
First National Bank
Directorate.

HON. CYRUS D. CRITES

Leaves to Assume His Duties as President of Large Concern.

Hon. C. D. Crites, who resigned his position as cashier of the First National bank, Nov. 1st, to assume the presidency of the New York and Westchester Mortgage Co., with offices in New York City, left today for his new field of labor. His many friends have full confidence he will succeed to the fullest limit.

Mr. Crites, while spending most of his time in New York will maintain his residence in Lima, returning here to vote.

At a meeting of the directors of the First National bank, held Nov. 4, the confidence and esteem in which they held Mr. Crites was beautifully expressed in the following tribute which was made a part of the minutes:

"The undersigned directors of the First National bank of Lima, Ohio, desire to express to Hon. C. D. Crites, recently resigned from the position of cashier your sincere regrets at his retirement.

It was on account of his record for honesty, fidelity, and marked ability in every position of trust held by him, that we secured him for the position of cashier, and in simple justice we must say he has fully lived up to the enviable record he had made for himself prior thereto.

We cannot put too strongly our appreciation of him, and wish for him, and for those he loves, every good that should come to a splendid man, richly endorsed by nature and fully ripened in experience in the many places, filled by him, with credit to himself and success to the enterprise.

We hope to have and to hold his warmest friendship through all years.

A director in discussing Mr. Morris' resignation this morning said: "When Mr. Morris took charge of the First National bank at the request of the late Senator Brice, the institution was insolvent. He cleared the slate, tripled the bank's volume of business, and today we have a surplus of \$10,000, and as clean an institution as there is in the country." Mrs. Morris will leave tomorrow for New York to join Mr. Crites.

FOOTBALL SUNDAY.

The Lima team has been practicing hard for the game Sunday with the Van Wert team. The Van Wert team is very strong and what is more is enthusiastically supported by the Eagle Lodge of Van Wert. The Lima team, however, has been considerably strengthened by several fast players and the game Sunday will be on of the

best ever seen on the local grounds. It will be quite a victory for the Lima team as the Van Wert team is the pride of the Eagle Lodge. The Lima team goes to Dayton a week from Sunday to try conclusions with the fast Cash Register team of that city. The city team has not lost a game this season and feel confident of success through the rest of the season as they are in fine condition.
